

Only One Mail Delivery Each Day

In conjunction with the curtailment of postal service in the San Francisco Post Office department, the Daly City branch will make only one delivery a day in the residential district of the community, according to Gustav John, in charge of the local branch.

The acute shortage of manpower, the increased volume of mail, the obligation to conserve rubber, gasoline, and equipment, and the dimout regulations were given as reasons.

Daly City's postal service to homes in the past has been two deliveries per day, with the exception of certain outlying districts which only had one. Under the new decision of the San Francisco Post Office department, all homes in this community will be served only once a day on deliveries.

Likewise, the business district of Daly City will be reached only once a day with mail deliveries. Collection of mail from street boxes will be discontinued here in the residential district. Collection of letters in boxes on business streets in Daly City will likely be limited to one or two calls, John added.

Tin Can Drive Needs 'Customers'

Daly City school children have averaged better than a ton and a half of tin cans per week since the opening of the school term, according to reports released, this week, by the local Salvage for Victory committee.

An energetic weekly campaign is in effect in all the schools in the Jefferson district. Many classes in the schools have started contests to stimulate a competitive spirit between students. East student has regular "customers" on whom they call each week to pick up their weekly stock of used tin cans. The "customers" save the tin cans for the pupils each week, beginning Tuesday and ending on the following Monday. The tin cans are picked up on Tuesday.

The "customers" prepare the tin cans by cutting the ends of each can, cleaning the can with water, bending the flaps into the can, and stepping on it to flatten it.

Parish To Stage Annual Festival

If you like to play games, visit carnival booths, and eat well cooked food, what you want to do is mark Friday, Saturday, and Sunday, October 30, 31, and November 1, on your calendar; and plan to attend the Fall Festival of Our Lady of Perpetual Help church on those dates.

An annual affair planned by members of the parish for all residents of Daly City and the general public, this year's three day festival of fun will be staged at Smith's Lumber yard, 2 Hillside boulevard. The festival will open, Friday evening, October 30. On the ensuing Saturday and Sunday (Continued on Page 2)

It Doesn't Pay To Ignore Speed Limits

Anthony Belli, San Francisco, will appear in Daly City court tomorrow, at 3 p. m., answering charges of violation of state speed laws, the presidential proclamation covering speed limits, and dimout rules.

Belli was arrested and jailed by Daly City police, Saturday night, when he failed to dim his lights or reduce his speed on Mission street. He was driving south on Mission street with bright lights when he was signalled to dim by air raid wardens and auxiliary police on duty on Mission street. A voice from the car yelled "It's too foggy," and continued down Mission street at a 40 mile an hour clip. Sergeant W. W. Sunderland and Officer Joseph Kusber took up the chase and overtook the Belli machine at School and Mission streets. Officers clocked the offender at 40 miles an hour down the Mission street grade. The lights of the car still glared at full beam even after the car had been stopped, police said.

Belli was released a few hours later on the payment of his bail by his wife. He was ordered to appear in traffic court here,

flash! THAT JUNK MEANS VICTORY FOR US

Suppose Nazis destroy 80,000 American tanks! The natural reaction is that it would be unbelievable and fantastic. Yet every day Daly City citizens delay in getting in every available pound of iron and scrap steel they are helping to make this supposition true. Only Americans will be the ones who "destroyed" the tanks; not the Nazis. We "destroyed" them before they were built!

Production experts have estimated that it takes fifteen tons of scrap to build one medium tank. Eighty thousand tanks would require 1,200,000 tons of scrap.

Residents in Daly City's northern district, those who live north of Bepler street and Wellington avenue, will get their chance at sending their scrap into war production, Sunday, when salvage trucks will pick up scrap donations in that district. Householders living in north Daly City were asked to collect all the scrap in their homes and put it on the curb in front of the house. Four trucks

—two city trucks and two volunteer machines—will make the rounds of the streets and collect the scrap.

A similar house to house drive will be made on the following Sunday, October 18, for residents in the rest of the community.

Daly City's Salvage for Victory committee, composed of R. L. Crane Jr., chairman; Mrs. Ethel Dorn, and Frank Coughlin, are getting wholehearted support from participating organizations.

Daly City Post No. 410, American Legion, and Old Glory Post No. 2044, Veterans of Foreign Wars, are engineering the campaign, Sunday. They will collect the scrap from the curb and load the trucks. The Daly City Water department also co-operated with the drive by sending out notices to all residents with the monthly water bills.

With this support from local organizations, Chairman Crane declared that he was confident that the salvage committee would get the same co-operation from every resident in this community. When the house to house canvass plan was launched in Daly City, Crane planned to use two city trucks for campaigning. However, two more were added with the hope that every householder will contribute enough scrap that the combined total would fill all four trucks.

"This isn't a drive where you are asked to pick up all the scrap (Continued on Page 2)

Slate Air Raid Test For Oct. 29

An air raid test complete with hypothetical bombing incidents, which will be under the observation of the San Mateo County Defense Council, is slated to be held in Daly City, Thursday, October 29, according to an announcement made by the local defense council.

All services in the organization will go into action in the test, which will be on the same order as previous defense drills here. Incidents will be announced at different points throughout the city, as county defense heads view the efficiency of the local group.

The test in Daly City is one of 41 drills that are to be held in California cities during October. The tests were ordered by the state council of defense in an effort to increase the efficiency of local councils by staging mock air raids.

Increase in police enforcement under dimout conditions and further organization of the Civilian Defense Council's auxiliary police service will be discussed at tonight's meeting. The delegation of air raid wardens who appeared before the local defense council at a previous meeting will be present tonight. After forwarding a protest at the meeting, the matter was laid over until tonight because of the absence of Police Chief James G. Reardon, due to illness. Protesting wardens who demand further auxiliary police cooperation are represented by the following delegation: F. D. Bacon, Harold Kaus, James Hughes, and Mr. and Mrs. Ralph Vahle.

Initial plans for the county drill will also be aired at tonight's session.

Bonds? Daly City Buys Lots Of Them

Citizens of Daly City did one of the most outstanding jobs in this area in helping to reach the billion dollar goal set by the nationwide motion picture industry bond drive. This announcement was made by Henry Coombe, manager, this week.

During the month of September, various local organizations offered their aid in taking over the attractive booth in the Daly City theatre. The American Legion auxiliary, Unit 410, was in charge for the first week. Old Glory Auxiliary, No. 2044, Veterans of Foreign Wars, and El

Publisher Victim Of Heart Attack

W. E. "Bill" Pitschke, 74, publisher of the Sharp Park Breakers and one of San Mateo county's oldest active newspapermen, died suddenly, Monday night, of a heart attack.

With his wife, he had attended a meeting of the San Mateo County Press association in Burlingame and then had decided to spend the night at a Millbrae auto court, rather than make the trip back to the dimmed-out coastside. He dropped dead as he and Mrs. Pitschke stepped from their car upon entering the court.

News of his death came as a particular shock to publishers of the county as at Monday's meeting he was in excellent spirits and took an active part in the session. He laughed, joked and displayed his usual intense interest in county affairs.

A linotype operator and printer, as well as editor and publisher, Pitschke had been a member of the International Typographical union for 54 years. He was one of the oldest active members of the union in the county and state.

He was a native of Gainesville, Georgia, served in the Philippines during the Spanish-American War and at one time was a deputy United States Marshal in Utah.

He had been employed in the mechanical departments of newspapers in Portland, Oakland, and elsewhere on the Pacific Coast.

He was past president of the San Mateo County Press association and at the time of his death was chairman of the organization's traffic safety committee.

Before moving to Sharp Park, where he established The Breakers, Pitschke was publisher of the Daly City Record for three years. Both he and his wife were well known in the community where both took part in civic and organi-

Fire Is National Menace -- Fight It!

"Any loss of human life, any interference with production, any loss of critical materials hinders and impedes the war effort. Uncontrolled fires, even in normal times, are a national menace. Today, it is essential that destructive fire be brought under stricter control in order that victory may be achieved at the earliest date."

This statement was made by President Roosevelt in his proclamation for Fire Prevention Week, which began here, Sunday. Fire Chief A. P. Chesney, of the Daly City Fire department, appealed to all here to renew, this week, a firm and alert practice of guarding against the outbreak of fire in their homes, in their places of employment, and in all public places, and to continue this practice throughout the year. The constant watch for breeding places of fire is a duty of every citizen of Daly City, today, more than ever before.

"We are observing this week as Fire Prevention Week, having been proclaimed by both the governor of our state and the president," Chief Chesney announced.

"I have always stated that we should have 52 weeks of fire prevention instead of one week. The annual report on fires in the United States lists 264,000 fires in homes in 1941. In these fires, 8,800 persons, most of whom were children, lost their lives.

"The officers of the Daly City Fire department declare that the present war time measures require us to see that our base-

Date Of Colma Fair Announced By Church

Assuring all who attend a big time, parishioners of Holy Angels church in Colma are now making plans for their annual festival to be held at Colombo hall, Saturday, October 24 at 8 p. m.

A new church for the parish is the goal of all Colma parishioners, and Father James Sorasio announced that the net income of the festival will be placed in the building fund for the new church. The present church was built in 1867, and has a place in the history of San Mateo county, (Continued on Page 8)

that happens to be in plain view around the house," Crane pointed out. "It is the duty of every American to comb the attic, basement, garage, and house, and collect all material containing scrap metal, material that is not being used."

Special emphasis was placed on the fact that the campaign in north Daly City is not for tin cans, and all residents were asked not to put out tin cans with the other scrap metal, Sunday. Other methods of collection for tin cans are already under way with school children serving as collectors.

In putting out scrap on the curb, residents were cautioned not to allow unauthorized persons to collect the scrap. Legionnaires and the VFW are the authorized collectors in Daly City.

"This is a patriotic drive for a much needed war material, and it is strictly a donation," Crane said in a warning to unauthorized collectors.

Today, as Daly City prepares for scrap drives on the two approaching Sundays, steel mills and factories are steaming along at full speed ahead; but a steel mill groomed to wartime production is a hungry one. Many are operating on a day by day basis already in receiving scant supplies of raw material, although production has not faltered—yet!

Fine production records in arming our fighting men depend on your support and your scrap metal. If Henry J. Kaiser is to continue to finish ships ten days after their keels are laid, he needs the old stove in your basement, the skillet with the broken handle in your kitchen, and the old lawn mower without half the blades in your garage.

Annual Festival

(Continued from Page 1)

Sunday, the festival will be held on both afternoons and evenings. Games will be played, prizes will be given, and many interesting novelty contests are being arranged. The lumber yard will be converted into a scene of gaiety and fun. Booths will be set up for the three day event.

The committee in charge of the festival is headed by two co-chairmen, Eugene Lynch and Roy Thompson, both of whom have had experience in previous festivals. All booths, including game booths, refreshment booths, and novelty booths, are managed by one or more persons, and those persons are members of the general committee for the festival.

Following are the committee members according to their booths: F. Bricken and C. Reng-

"JOIN THE NAVY"

"Never in all history has the call for defenders of freedom been so urgent as at this moment."

"Brave men are needed—stouthearted men—men who would rather fight to stay free than live to be slaves."

"If that's the way you feel about it, your place right now is with the Navy—your Navy—in America's first line of attack—shoulder to shoulder with the red-blooded men of action who are determined to defeat the Axis, who are not only remembering Pearl Harbor but are doing something about it."

"There's a big job to be done. There's a big opportunity for the men who do it."

Shirley Temple Is Growing Up!

Shirley Temple is pert and gets kissed in her newest screen opus, Edward Small's "Miss Annie Rooney," which will have its initial showing at the Daly City theatre through United Artists release.

The story of this new film production is as up-to-date as the rubber shortage, as lively as a bunch of young jitterbugs and as appealing as a young girl's first romance. In fact, all these elements go to make up the story of "Miss Annie Rooney," who was raised on the wrong side of the tracks but wins everyone on both sides with her warm loveliness and infectious gayety.

In the film Shirley is seen as the granddaughter of a retired policeman and the daughter of an insurance salesman who would rather promote billion-dollar ideas than work at his job. When Annie gets her family mixed with that of a socialite boy friend from Park Avenue the complications are astounding and side-splitting.

Evidence that Shirley is growing up off the screen as well as on can be seen in the fact that Hurrell, glamour photographer to the stars, was brought in to make photographs of her for the production.

Sensational dancing provides some of the high spots of the picture with Shirley leading the rug-cutting and with Peggy Ryan and Roland Du Pree supplying hilarious moments with their acrobatic version of swing.

Colma Was Scene Of Annual Rodeo

Anyone driving through Colma, Sunday afternoon, would have thought the Wild West days had returned for sure.

Over 2,000 people gathered at Roddy's Place to see the second annual combination rodeo and horse show take place. About 300 local horsemen entered the various contests, many of them winning high honors. William Cresta and John Roddy were in charge of the activities. So successful was the event that plans for another such program are underway.

Ric Bollentini, popular resident of Colma and proprietor of Ric's Place, offered a beautiful prize to the party buying the largest war bond. A \$1,000 bond was purchased by Harry Powell, Hayward, who again placed the gift up for auction. Vin Mahoney, San Francisco, was the winner of the gift this time with the purchase of a \$1,000 bond also. Henry Vetch, San Jose, and John Roddy, Colma, were the purchasers of a \$900 bond each. In all about \$4,000 worth of bonds were sold.

"With gas and tire rationing the way it is, it is good to see people enjoying home-community entertainment so much. Saving gas and tires and buying war bonds is a sure way to victory in the near future," said the sponsors of the rodeo.

LAUNCH JUNIOR AWYS AT JEFF HIGH

Miss Edna Smith, popular teacher of commercial courses at Jefferson Union high school, is the faculty representative in charge of the Junior American Women's Voluntary Services started recently at the school.

The Junior A. W. V. S. was organized this summer in San Francisco by Mrs. Nion Tucker. It is a nation-wide movement, with girls of high school and junior high school age belonging.

Girls who volunteered their services at the main office, 665 Market street, this summer, were the first to bring the idea to the schools. Miss Anne Lowry started the movement at Jefferson.

A group of fifty girls comprises a unit. After 30 hours of service, each girl has the right to wear the A. W. V. S. uniform. It consists of a blue shirtmaker style dress with an overseas cap.

Services to be rendered by the Jefferson group of volunteers will consist of:

Selling of war bonds and stamps to students and faculty from Victory booths soon to be erected in the cafeteria and the main hall. Helping in the school's Victory

garden, which supplies fresh vegetables to the school cafeteria.

Doing clerical work for the Civilian Defense office and hospitals. Two girls, Miss Anna Crossland and Miss Shirley Rice, are working in the city hall after school, on the files already.

Making scrapbooks of army cartoons and news items for the U. S. O.

Making dressings and bandages for the First Aid stations.

Making cookies for the U. S. O. and candy for youngsters in children's wards of hospitals. They will also cut out paper dolls for convalescent children to paste in scrap books.

If enough girls express an interest they can take such courses as child care, home nursing, physical fitness, and home mechanics. This will be in addition to the air raid precaution course that all members are required to take.

Several girls have already signed membership cards in the Jefferson unit of the organization and are very enthusiastic about the work. As soon as the required 50 girls have joined, officers will be elected.

Hold Funeral Services For Mrs. Parmisano

Funeral services were held for Mrs. Germaine Parmisano, 215 Winchester street, Tuesday morning.

She is survived by her husband, Samuel Parmisano; a son, Eugene Greene; her father, Germain Romiguere; a sister, Mrs. Blanche Sipi; and two brothers, Henry and George Romiguere.

Mrs. Parmisano has been a resident of Daly City for 24 years. She was an active member of Court St. Mary No. 1155, C. D. A., and Cypress Circle No. 14, U. A. O. D.

Rosary was recited, Monday evening, at the W. C. Lasswell and company with the members of the two groups attending in a body.

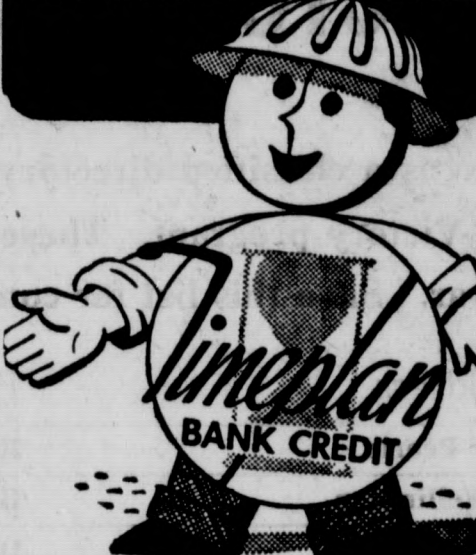

Requiem high mass was held, Tuesday, at 10 a. m., Our Lady of Perpetual Help church. Interment followed at Holy Cross cemetery, Colma.

FOOTBALL GAME

Jefferson high's gridders will play Alameda high school tomorrow afternoon on the Alameda turf in a non-conference football game.

The same players which made the trip to Tamalpais will be sent to Alameda tomorrow. Jefferson took a 6 to 0 victory at Tamalpais in the first game.

How to take care of
GAS HEATING
EQUIPMENT

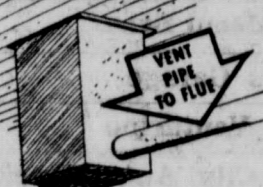

RIGHT NOW is a good time to check up on the gas heating devices in your home. If repair is needed—do it at once. Usually, however, a good cleaning to remove dust and rust is enough. See examples below:

1 Take off the grill on your wall register or floor furnace. Have a cardboard carton handy and go to work with a brush or vacuum cleaner. A pancake turner can serve to lift out heavy dirt.

2 Is yours a forced-air furnace? Then take out filter pads. Give them a good cleaning or replace with new pads. Each fall have a heating dealer check over the furnace, fan, motor, controls and pilot light.

3 Take a look at the vent pipe that connects your heater and other gas equipment to the flue. If it is rusted out—have it replaced now.

4 Watch room temperature and save gas. Overheating your home isn't healthy anyway. If your fireplace has a damper—close it when the gas heat is on. It's good economy.

Gas Heating devices are built to give long years of service. Rust and dust are their worst enemies. With a little care now and then they will see you through the duration.

Although we cannot build new lines, we can make the most of what we have. You can help if you will not make any Long Distance calls unless they are absolutely necessary. Even on these, please be as brief as you can.

Fire Co. Auxiliaries Handle Bond Drive

It was the ladies who did it, and they came through in a big way in the final week of the national drive for War Bonds and Stamps, engineered locally at the Daly City theatre by Daly City organizations. Handling the sale of bonds for the final week, ending last week, the Daly City Fire Department Ladies Auxiliaries sold a total of \$9,000 worth of bonds and stamps during the week, according to figures just released from the theatre management.

Each organization was asked to take a hand at selling bonds and stamps to all patrons of the Daly City theatre for one week as part of the national drive. When the Daly City Fire department's number came up, they were hard at work burning weeds from Daly City's vacant lots and training auxiliary firemen "while they were resting." But that didn't prevent them from selling war bonds, because they, like men so often do, turned the job over to the "little women."

So the wives, sisters, and mothers of local firemen took up the job on Tuesday, September 22, and proceeded to sell \$9,000 worth of Axis trouble in one week.

"The members of the department will certainly take their hats off to the fire girls when they hear that the ladies sold the magnificent sum of \$9,000 worth of bonds," Chief A. P. Chesney exclaimed.

"It certainly shows that the department and its company auxiliaries are on the job at all times."

Other wardens not pictured here are as follows: John Kitrello, Carl Redford, and Granville Chrystal.

At Jefferson Union High School

Classes

The Central California Scholastic Press association's annual convention will be held, Saturday, at Stanford university. Members of Jefferson Union high school's journalism class who plan to attend are Miss Mary Sue Denton, Miss Dolores Mardecich, William Freeman, James Husten and Newton Kile. Clive Saiz, teacher of journalism, will attend as faculty sponsor.

The morning will be spent in journalism conferences. A sound movie on magazine production will be shown as the main feature.

Following the annual dinner at the Stanford Union, visitors will attend several panel discussions on different phases of school journalism.

Delegates are expected to attend from as far south as Fresno and as north as Chico if transportation permits.

Seventeen members of the natural history class, under the direction of John Harville, went to Moss Beach last week on a marine collecting tour.

With the many specimens brought back, a permanent aquarium was established in the biology room. Plans to keep a constant supply on hand have been discussed.

Football pictures taken by members of the photography class are being put to very valuable use. The football coach uses them to analyze the good and bad points of different plays.

Students may purchase these pictures for their school scrap book.

Dear teacher, as you will soon find; I'm a quiz kid of the rarest kind.

My grades improve as I grow older; Because I'm adept at looking over kids' shoulder.

At an initiation held, yesterday, Miss Ruth Higgins and Miss Ruth Alleman had to come to school dressed as quiz kids and recite the cute ditty written above in all the classes they attended.

Miss Mary Seidel, chairman, and writer of the verse, was assisted by Barbara Blecher, Nancy Sorg, Gwendolyn Stegeman and Joe Rodrigues.

ments and attics are in cleaner conditions than usual, with less rubbish to create a fire hazard."

Chief Chesney was of the conviction that there are still some more "don'ts" that could be carried out during the year.

Some of the more common fire hazards which Chief Chesney believed to be the most dangerous are:

1. Matches and smoking.
2. Poor electric connections.
3. Defective chimneys and flues.
4. Overheated stoves and furnaces.
5. Inflammable liquids, notably gasoline.
6. Hot ashes and coals.

Bonds? Daly City Buys Lots Of Them

(Continued from Page 1)

Carmelo Parlor No. 181, Native Daughters of the Golden West, respectively, followed, with the Ladies Auxiliaries of the Daly City Fire department closing the sale. The men of the Legion, the Veterans and the fire department all lent their support to the drive.

"Salute to Our Heroes" was the title of the drive and Daly City certainly lived up to it.

Henry Combe, manager of the Daly City theatre and local chairman of the motion picture war bond and stamp drive, stated that "When Daly City is called on to do a job you can depend on its citizens' whole hearted cooperation in putting it over in a big way."

The \$15,000 worth of bonds and the \$375 of war stamps sold here during the month of September seem to prove his words. Daly City did "Buy a Bond to Honor every Mother's Son."

MORE BABIES!

There's no doubt about it!—There's a bumper crop of babies in San Mateo county. Recorder T. C. Rice announces that during September, 122 births were reported for the county. Other vital statistics revealed 96 marriages and 89 deaths for the period.

At The District Grammar Schools

AT CROCKER

The pupils of Room 2, in connection with their unit on "Textiles" are busily engaged in collecting samples to illustrate the products of wool.

Room 6, as part of their art activity, have been studying Indian designs. An interesting room exhibit of Indian arts and crafts was held. In the exhibit was a display of bracelets, jackets, baskets, and purses, all portraying Indian designs. Interpretation and discussion further interested the children.

A competitive key collection contest has been set up at Crocker school. To stimulate children and act as a permanent reminder each room has a jar to be filled with keys. A chart above the table will tabulate, by means of a gold colored paper key, the number of quarts of keys each room brings.

AT JEFFERSON

The kindergarten has selected "The Farm" as a social studies unit. The children are learning to paint, make animals from clay, and color with crayon. Each child is also making his own farm book, which he will later sew together.

"Farming In America" is being studied in the Fifth Grade. The children are learning how farming has been responsible for man's progress, and they are making maps showing where different farm products are grown in the United States.

Anita Richardt told her classmates recently about her trip to Sausalito where she saw the launching of the Liberty ship, "The Richardson."

Map geography has now, more than ever, taken on a new interest with the seventh and eighth grades. They find it most necessary to have a thorough knowledge of location in order to understand present day current event.

What used to be little and insignificant islands, cities, rivers and mountains, are now, to the minds of the students, places of vital importance.

Each Friday these two grades work on their map books during their social studies period. This work is then supplemented with pictures showing the native inhabitants, customs, plant and animal life.

Section 4 Will Be Ready For Traffic Soon

Scenic Junipero Serra Boulevard's Section No. 4, which extends from in back of Cypress Lawn cemetery, just below Daly City, to a connection with Sneath lane will shortly be ready for traffic, Andrew J. Gallagher, president of Joint Highway District No. 10 announces.

Completion of this three-mile unit will prove of great military value in defense movements because of its strategic link between military and naval depots.

Constructed for four lanes of traffic, the center has a dividing strip of 26 feet. Opening of the stretch marks a total of seven and one-half miles of the projected 11 miles finished which starts at the San Francisco County line and will eventually reach to Millbrae avenue, Burlingame.

Emydian Institute To Assist At Fair

Miss Imelda Laramie will be in charge of the affair. She will be assisted by: Angie Varni, Rosemary Flanagan, Norma Bertetta, Rena Guisti, Eda Guisti, Inez Micheli, and Lenore Varni.

All members are urged to donate cakes and to support the fair to the fullest extent.

Peninsula Officers Set Date For Ball

The fourteenth annual ball of the Peninsula Police Officers' association will be held, Saturday evening, October 24, at the Peninsula Beach auditorium in San Mateo, Police Chief Edward J. Wheeler of San Carlos, president of the organization, announced today.

As in previous years, proceeds from the ball will replenish the widows' and orphans' fund of the association.

The value of events of this kind in aiding morale was cited by Chief Wheeler as influencing the association in its decision to hold the annual ball despite war conditions.

MAIL SOLDIERS' XMAS GIFTS BEFORE NOVEMBER 1.

READ THE RULES—The following rules, issued by the Postoffice Department in cooperation with the Army Postal Service of the War Department, apply to the mailing of Christmas parcels for members of our Armed Forces serving outside the continental limits of the United States.

TIME OF MAILING—Christmas parcels and greeting cards should be mailed during the period beginning October 1 and ending November 1, 1942, the earlier the better. Each package should be endorsed "Christmas Parcel." Special effort will be made for delivery in time for Christmas.

SIZE AND WEIGHT—Christmas parcels shall not exceed 11 pounds in weight, or 18 inches in length or 42 inches in length and girth combined. However, the public has been urged to cooperate by voluntarily restricting parcels to the size of an ordinary shoe box and the weight to six pounds.

USE CARE IN PREPARATION—Remembering the great distance this mail will be transported and the necessary storage and frequent handling, it is absolutely necessary that articles be packed in substantial boxes or containers and be covered with wrappers of sufficient strength to resist pressure of other mail. Each parcel is subject to censorship and delay may be minimized by securing covering to permit ready inspection of contents.

PROHIBITED MATTER—Intoxicants, inflammable materials, poisons or compositions likely to damage mails are unmailable. No perishable matter should be included in parcels.

HOW TO ADDRESS PARCELS—Addresses must be legible. Parcels addressed to overseas Army personnel should show in addition to the full name and address of the sender, the name rank, Army serial number, branch of service, organization, A.P.O. number of the addressee and the postoffice through which parcels are to be routed. Units located within the continental United States may be addressed direct, using name, rank, organization and location.

POSTAGE MUST BE FULLY PREPAID—The rate on parcels of fourth-class matter (exceeding eight ounces) being the zone rate applicable from the postoffice where mailed to the postoffice in the care of which parcels are addressed.

GREETING MESSAGES PERMISSIBLE—Inscriptions such as "Merry Christmas", "Don't open until Christmas" and the like may be placed on the covering of the parcel if it does not interfere with the address. Cards may be enclosed and books may bear a simple dedicatory inscription.

INSURANCE AND REGISTRY—Gifts of value should be insured. Articles of small size and considerable value should be sealed and sent as first-class registered mail.

MONEY ORDERS—The Army Postal Service recommends use of postal money orders to transmit gifts of money to members of Armed Forces outside the United States. These are cashed at A.P.O. in local foreign currency at rate of exchange on date of presentation.

SOUP aids in balancing meals

says Dorothy Greig

"SOUP fills in the chinks of a meal," mother would often remark in the days before we ever heard of balanced meals.

She spoke more truly than even she knew. Soup is a real aid in planning balanced meals.

Is the meat course a bit light? Then a hearty meat stock soup

For lunch or supper Tomato Scotch Broth is a satisfying dish.

thick with pieces of meat helps fill the lack. Is it hard to coax Junior to eat vegetables? Let's give him part of his vegetable quota in the form of vegetable soup.

Then, too, soup is all nourishment, no waste. And coming at the beginning of the meal it is comforting, relieves tension and starts the gastric juices flowing.

The grocers' shelves afford really astonishing variety. Thick soups quick to appease hunger, clear stimulating appetizer soups, smooth cream soups, soups made of meats and vegetables and soups made of sea foods. To serve we simply add an equal quantity of water, or milk and heat.

Sometimes, too, it's fun to combine two or more soups—like this:

Tomato Scotch Broth

- 1 can condensed tomato soup
- 1 can condensed Scotch broth
- 2 cans water

Combine the tomato and Scotch broth soups. Then add two cans of water, using the soup can for a measure. Heat to the boiling point and simmer 3 to 4 minutes. Serves 5 to 7 portions.
